Currently, a **UX Designer**, working with the healthcare industry in Bangalore, India. It's been **3 years within UX** and **a year within development** professionally, added 2 years of experience academically. I am practising user-centred design and aligning products as a solution to the business requirement.

WORK EXPERIENCE

May 2020 - present

UX Designer

US Tech Solutions (**Cerner** on contract) Bangalore

Working in the vertical 'order and clinical management' and solving issues of **50+ client members** for their **100 million patients**. My responsibilities are:

- Validations of the screens for the **accessibility** issues
- Gathering requirements through the clients from the **global market (US, Europe)** and following Cerner's user-centred design process to create solution and UI

June 2019 - Jan 2020

Associate UX Designer - Axon

Informatica Bangalore

Quality Assurance issues in the UI for the Data governance tool called Axon.

Nov 2018 - June 2019

UX & UI Designer - Smartech

Netcore Solutions pvt ltd Mumbai

- Solved the issues of digital marketers by giving a solution that impacted **5000+ Enterprise customers**.
- Conducted the '**design sprint**' to **redesign** of the 'email campaign' module of 'Smartech'. I was responsible for **user research, customer journey mapping, Information Architecture, wire-frames, user testing** and the **design system**
- Reorganized the **UI of 'Web-messages'** using netcore's design system.
- Successfully deployed **90+ templates** for web-messages.

June 2017 - July 2017

IISc - SID Bangalore

- **UX/UI Design Intern** - Android | IOS Application Ergoproxemics
User Research, Concept Generation
- **UX Design Intern** - Mimyk M2D2 lab
