**UX Designer: 4+ years**

**Academic Experience: 2 years (Product design)**

Backend Development: 1 year

## WORK EXPERIENCE

April 2022 - present

**UX Design Specialist**

SAP Labs

Bangalore

I am a team member from Digital Supply Chain

Solving UI problems with amazing team of Enterprise Asset Management. My contribution till now:

- Maintenance Management
- Digital Threads

May 2020 - April 2022

**UX Designer**

US Tech Solutions (Cerner | contract)

Bangalore

Working in the vertical 'order and clinical management' and solving issues of **50+ client members** for their **100 million patients**. My responsibilities are:

- Validations of the screens for the **accessibility** issues
- Gathering requirements through the clients from the **global market (US, Europe)** and following Cerner's user-centred design process to create solution and UI

June 2019 - Jan 2020

**Associate UX Designer**

Informatica

Bangalore

- **Quality Assurance** issues in the UI for the Data governance tool called Axon.

Nov 2018 - June 2019

**UX & UI Designer**

Netcore Solutions pvt lmted

Mumbai

- Solved the issues of digital marketers by giving a solution that impacted **5000+ Enterprise customers**. Conducted the '**design sprint**' to **redesign** of the 'email campaign' module of 'Smartech'. I was responsible for **user research, customer journey mapping, Information Architecture, wire-frames, user testing** and the **design system**
- Reorganized the **UI of 'Web-messages'** using netcore's design system.
- Successfully deployed **90+ templates** for web-messages.

July 2015 - July 2016

**Associate Software Developer (SAP ABAP)**

Accenture services private limited

Mumbai

## EDUCATION

July 2016 - June 2018

**Master of Design** at

**Centre for Product Design and Manufacturing,**

**Indian Institute of Science, Bangalore**

August 2011 - June 2015

**Bachelor of Engineering**

(Computer Engineering) at

**Sardar Patel Institute of Technology, University of Mumbai**

## ACHIEVEMENT

August 2020

**Winning team (covicloud) MIT covid 19 challenge**

In a 48 hours of hackathon teamed with strangers, where pitched a solution as co.weCloud

## PROJECTS

2020-21

**co.WeCloud**

- Post hackathon, designed a solution that provides consolidated information and bridges the gap between patient and medical facility.
- Validated our idea with IITM Ecell in their pre-incubation workshop.

2017-18

**Smart solution for monitoring workers' health and vitals**

Designed and Developed an IOT wearable as a major thesis and it is added portfolio for IISc - Industry 4.0

## PUBLICATION

2019 - ICCIDS 2019

**Design and development of an assistive device for the visually impaired**

Procedia Computer Science Journal, Elsevier
