WORK EXPERIENCE

May 2020 - present
UX Designer
US Tech Solutions (**Cerner** on contract) Bangalore

Working in the vertical 'order and clinical management' and solving issues of **50+ client members** for their **100 million patients**. My responsibilities are:
- Validations of the screens for the **accessibility** issues
- Gathering requirements through the clients from the **global market (US, Europe)** and following Cerner's user-centred design process to create solution and UI

June 2019 - Jan 2020
Associate UX Designer
Informatica Bangalore
Quality Assurance issues in the UI for the Data governance tool called Axon.

Nov 2018 - June 2019
UX & UI Designer
Netcore Solutions pvt lmtd Mumbai
- Solved the issues of digital marketeers by giving a solution that impacted **5000+ Enterprise customers**.
- Conducted the **'design sprint'** to **redesign** of the 'email campaign' module of 'Smartech'. I was responsible for **user research, customer journey mapping, Information Architecture, wire-frames, user testing** and the **design system**
- Reorganized the **UI of 'Web-messages'** using netcore's design system.
- Successfully deployed **90+ templates** for web-messages.

June 2017 - July 2017
IISc - SID Bangalore
- **UX/UI Design Intern** - Android | IOS Application
  Ergoproxemics
  User Research, Concept Generation
